Timely Academic Progress Toward a Degree Policy

TIMELY ACADEMIC PROGRESS TOWARD A DEGREE POLICY

- Students with more than 75 credit hours must obtain advisor approval before changing or adding a major.
- The 75 credit hours include credit hours earned at UCF, transferred from other institutions, dual enrollment, and AP or other test credits.
- When you attempt to add or change your major via the myUCF portal, a message informs you that your request was sent to an advisor in your proposed new or added major for approval.

Satisfactory/Unsatisfactory Grading Policy

SATISFACTORY/UNSATISFACTORY (S/U) GRADING POLICY

-
- UCF is offering satisfactory/unsatisfactory (S/U) grading for a limited number of courses that are determined by UCF's colleges.
 - You must be in good academic standing to be eligible for S/U grading.
 - You'll receive an S and course credit if you earn a C or higher.
 - If your grade is a C- or lower, you'll receive a U and will not receive course credit.
 - In either instance, your GPA will not be affected.

S/U GRADING CONSIDERATIONS

- You can use S/U grading a maximum of four times at UCF. Courses exclusively graded on a S/U scale (e.g., internships or independent study) are not part of this total.
- There are instances when you can't opt-in to S/U grading, even though it's offered. They include courses in your major, including Common Program Prerequisites. Colleges and departments may add restrictions.
- Additionally, it's important to consider how a S/U grade might impact your academic and professional goals. It might affect financial aid, scholarships, honors status, or graduate or professional school admission.
- We strongly encourage you to consult with your academic advisor before deciding.
