NEW ACADEMIC CALENDAR

What's happening?

UCF is modifying its academic calendar to include accelerated term options. The new calendar will be published on March 11 and will be in effect beginning in the 2024-25 academic year. Students will be able to register for courses in new terms when summer and fall registration begins on March 28.

Why?

The new accelerated terms will provide students with flexibility when scheduling classes and help them graduate on time. It will also advance student success and timely degree progression and support our efforts to achieve preeminence.

When?

The new academic calendar will be introduced in Summer 2024.

Colleges will determine the courses, if any, that will be offered during the accelerated sessions.
